

REVERSING THE 80/20 PARADIGM

Move away from heavy infrastructure cost and shift to a delivery services focus!

THREE KEY AREAS OF IMPACTS THAT MAKE IT WORTH THE MOVE

Troy Pepper
Sales
WEPA, LLC

WHY SPEND...

80%

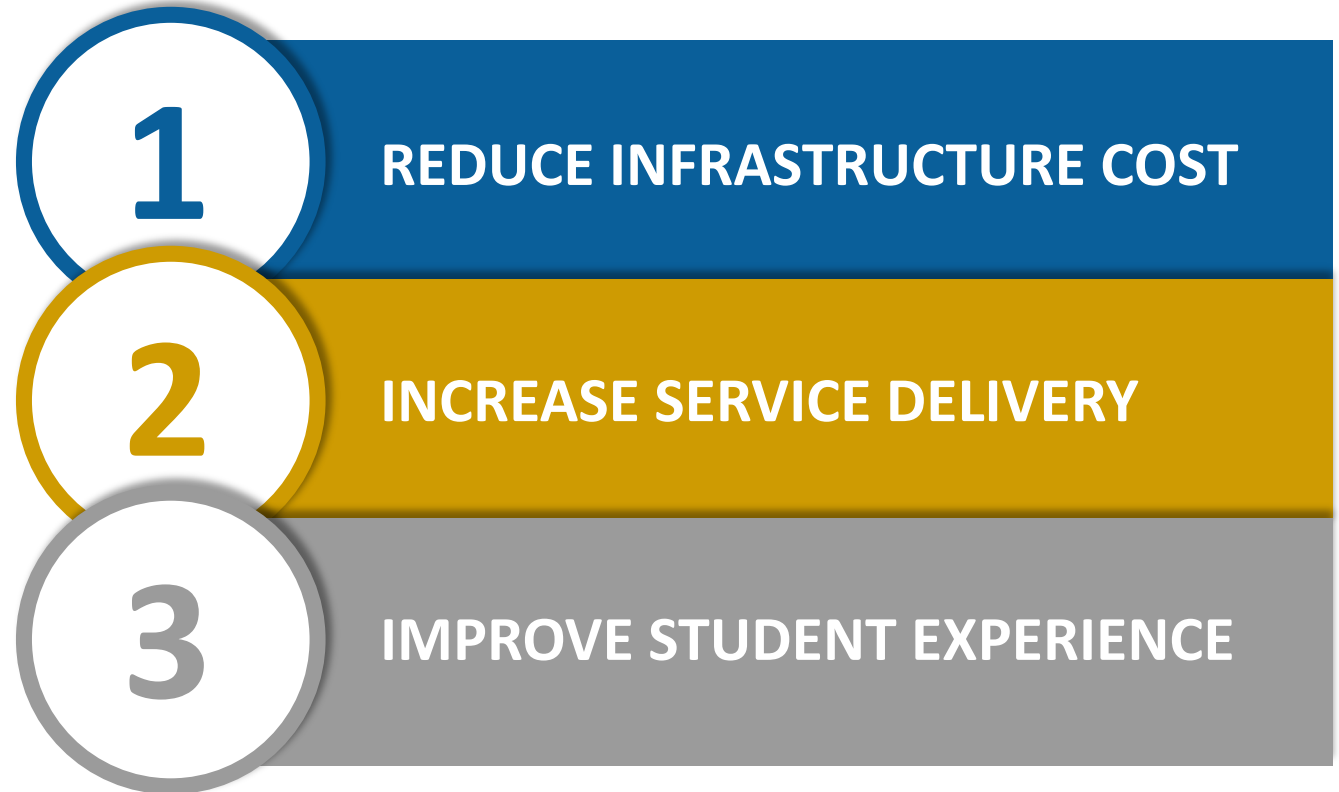

OF IT'S PRINT BUDGET
ON INFRASTRUCTURE

AND ONLY...

20%
ON SERVICES
DELIVERED

MIGRATE FROM IT-CENTRIC (SERVER-BASED) TO USER-CENTRIC (CLOUD-BASED)

IMPACT!

IT-CENTRIC (SERVER-BASED) COST TO MAKE ONE PRINT

Hardware - Prints/MFD's	Print Servers
Print Management Software	Paper
Card Reader	Software Updates
Security Patches	Release Station
Transaction Payment Platform	PCI Compliance
Service and Support	Power for Servers
Power for HVAC/utilities	Systems & Backup
Monitoring	

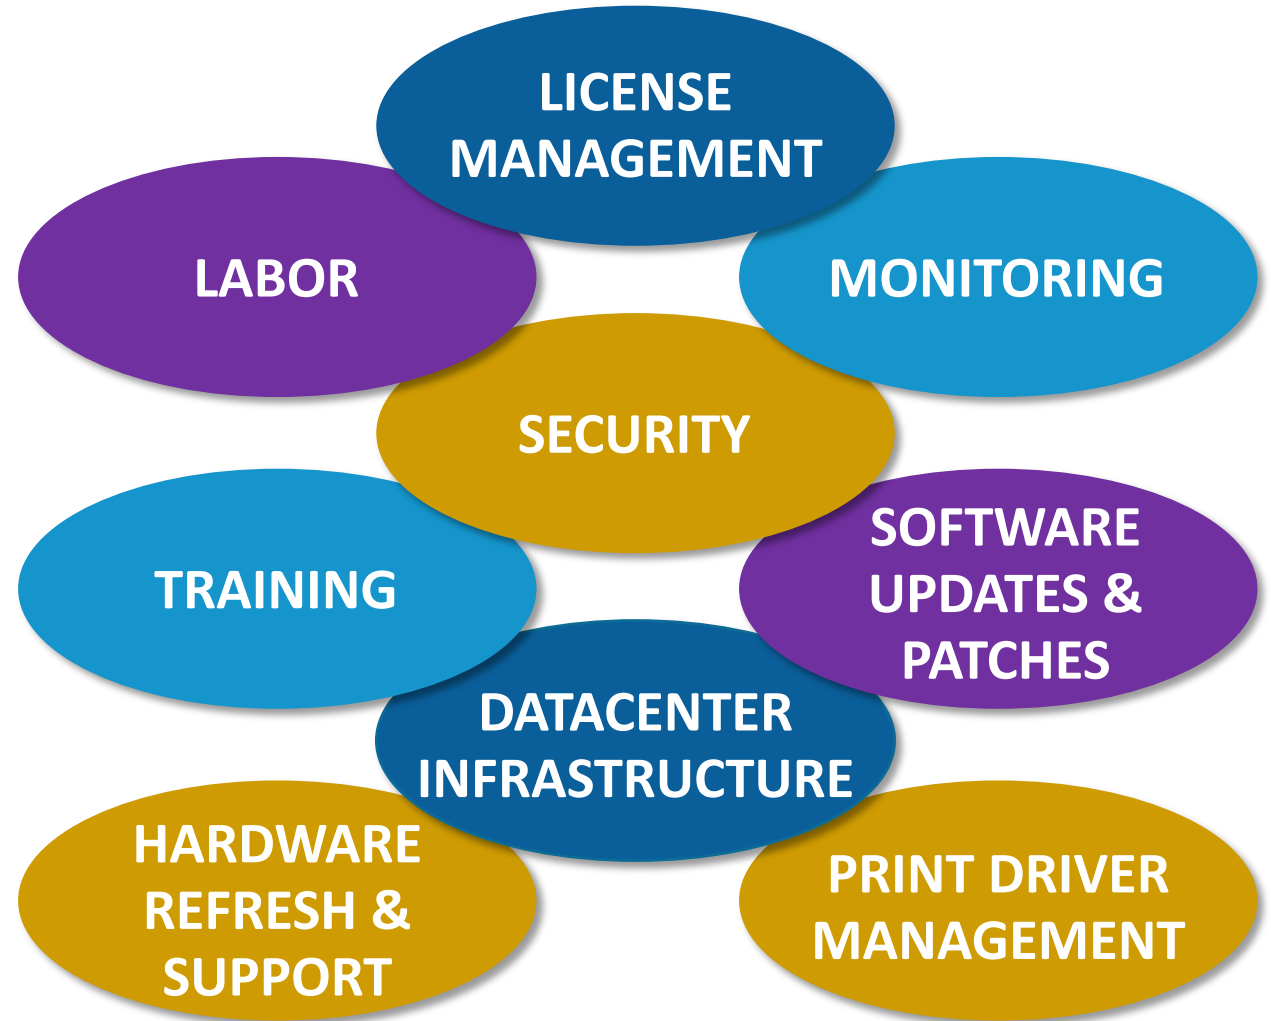

USER-CENTRIC (WEPA CLOUD-BASED) ACHIEVED

COST TO MAKE A PRINT	AS IS IT-CENTRIC (SERVER BASED COST)	WEPA USER CENTRIC (CLOUD-BASED COST)
Prints/MFD's	\$\$\$	NONE
Print Management Software	\$\$\$	NONE
Servers	\$\$\$	NONE
Consumables	\$\$\$	NONE
Paper	\$\$\$	NONE
Transaction Payment Platform/PCI Compliance	\$\$\$	NONE
Service & Support Contracts	\$\$\$	NONE
Card Readers/Release Stations	\$\$\$	NONE
Facilities, Power, & HVAC	\$\$\$	NONE
Software License Management & Updates	\$\$\$	NONE
Monitoring	\$\$\$	NONE
Total	\$\$\$	NO CAPITAL COST

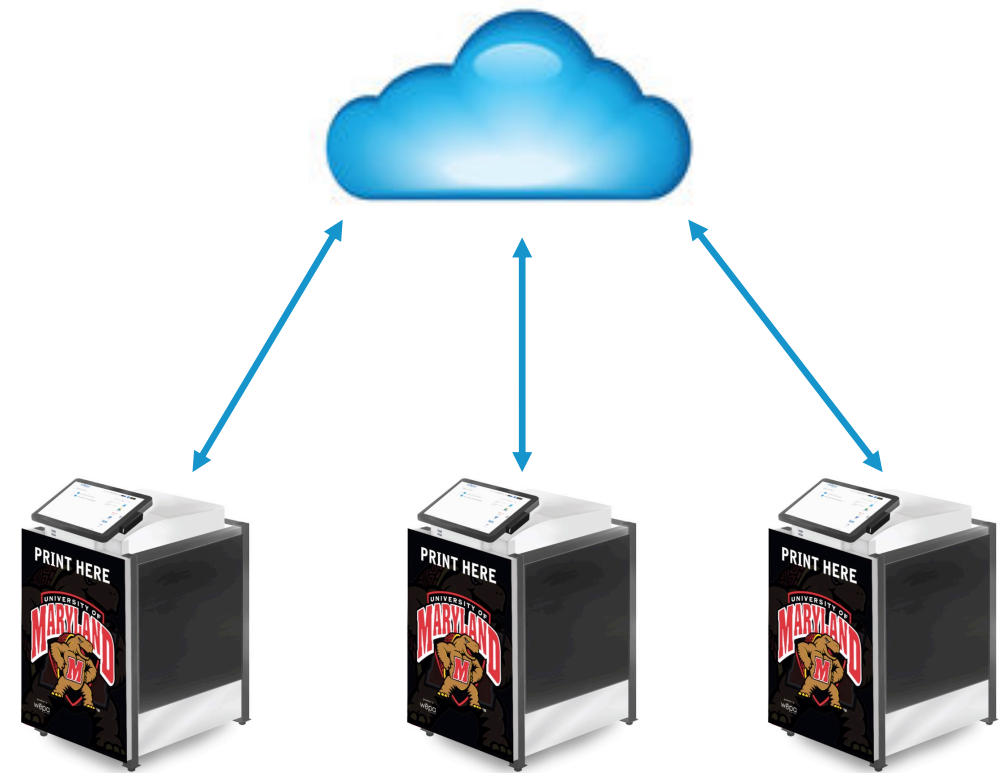

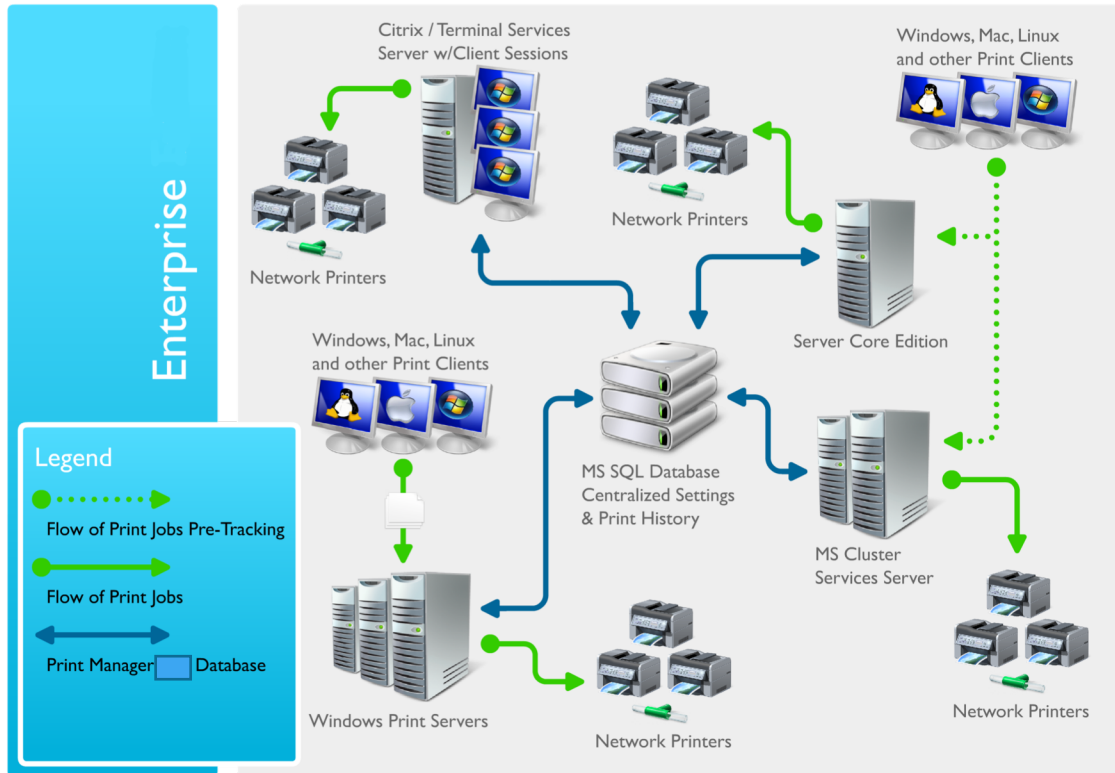

- Reduce Capital Expense
- Increase Speed of Deployment
- Reduce Operating Cost
- Reduce Security Risk
- Increase Resource Availability

You didn't have to
cobble together
hardware,
software, and
security best
practices simply to
print a page.

**INCREASED
RESOURCE
AVAILABILITY**

**24/7 Alerts &
Notification**

WHAT STUDENTS ARE SAYING

There are no computer labs south of campus. This makes it very difficult for me to print out assignments due the next day or late at night. Freshman year, RPCC was very convenient. **There is no equivalent south.**

It would be convenient if there was a **clear, user-friendly list of printers** and their locations.

There should be printers available in **dorm buildings.**

The print system is **hard to configure** and a lot of freshman have trouble setting it up. We are actually having a printing issue right now as I type at work!

EXCEED STUDENT EXPECTATIONS!

- Cross Domain Printing – Print from anywhere
- Immediate technology refresh
- Eliminate file format concerns
- Consistent user experience
- Bring the service to the students
- Document security
- Intuitive / Clean UI
- BYOA – Print directly from Cloud Services and LMS
- No user hardware required
- Accessible to all students - ADA
- Customizable UI, including Institutional Branding
- 24/7 Access to technology

"I was introduced to Wēpa services in 2011, and Texas Tech University was an early adopter—students continue to be **pleased** with the ease and convenience of this wireless printing solution on our campus."

– Sam Segrán, CIO, Texas Tech University

TEXAS TECH
UNIVERSITY.

"Wēpa **solved printing**. We can't do it **better** than them."

– Nick Thompson, CCLE Coordinator UCLA

UCLA

"I must express my sincere thanks for the **professionalism, knowledge, and flexibility** shown by your team during the installation of the Wēpa kiosks at University Park and the three campus locations. Wade and Derick were a real pleasure to work with and certainly played a large role in the **smooth and successful installation** of the kiosks."

– Blake Bergey, Sr. Manager, Learning Applications & Technologies, The Pennsylvania State University

PennState

"Wēpa is a **great solution** for any campus printing solution. It's **simple** yet so **sophisticated** and the support is great."

– Landon Allen, Network & Audio Visual Specialist, Benedictine College

"We have been using Wēpa for two years, and I still consider it one of the **best decisions** that I've made for services to students."

– Joel Kraft, Director of IT
Case Western Reserve University
